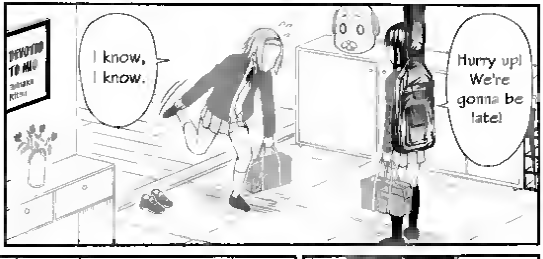
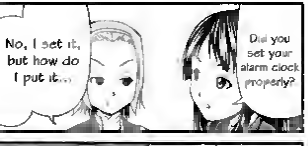
Hey, Ritsuuu!



I know, I know.
Hurry up! We're gonna be late!



No, I set it, but how do I put it...
Did you set your alarm clock properly?

Just sleep for eternity
SHINE
I thought that if the alarm clock woke me, then I was defeated

Sorry... I fell back asleep.
Jeez, you always leave just in the nick of time.

.....
Ha...
Ue!?
So is it okay if I stop coming to get you from tomorrow on?
No, today's the day I'm going to speak my mind to you.
Don't say such cold thingsss, Mimooo!
tsun tsun
You said that yesterday, too.
Because, Ritsu, you always wake up late and make me wait until we're almost late...
I...I'll wake up on time starting tomorrow, okay?

Look at it from my perspective of waiting for you!
And you can take your time eating breakfast... and delay getting ready...
The main point is that it's much quicker just to go from my own house straight to school.
And with that, I expressly take a detour all the way out here to your house...
It's just become too much of a hassle to come and pick you up every day...
CONFUSION
So...
Uh... Mm-hm, then...
Will you live together with me?
Eeeee-eeeee-eeeeh!!?
